FILE Project 44

1 April 1964

NOTE FOR THE FILE

STATINTL

Invitations to the second short version Project [REDACTED] have been prepared for Mr. McCone's signature to the Chairman, JCS and the Director, DIA and are being delivered to the Director's office today.

When we have confirmation that these letters have been signed, we should telephone General Meyer to apprise him of this fact which we told him we would do in a letter from General Carter dated 12 March 1964. [REDACTED] will see if someone in Training knows General Meyer. If they do, Training may make the call. If not, Mr. Garrison or Colonel White might call.
